Dear Bud,

Please ask Bob to see if theire is any file or record of any kind of any interview with one Ronald Hanover in Memphis.

There was, and it is not filed where it should be or with what it should be.

This is not my interest and need not be at all sinister.

However, the reason for my interest will interest you. I'll tell you when we are together.

I do think this should be done on his first trip to the Archives. It may be quite important.

Thanks,

HW
